

FEDERAL AID
IS ONLY HOPETo Avert Strike of 27,000
Railroad Employees

DECISION LAST NIGHT

Disputants Have No Chance for Getting
Together on Question of Wages.
It Was Announced To-
day.

Chicago, March 15.—The date for beginning the strike of 27,000 firemen and engineers on 49 western and south-western railroads will be announced to-day. It is believed that they won't start until the end of the week in order to give the Pacific coast members time to reach home from the meeting held here. The question of wages and working hours was the rock on which the peace hopes split. It is believed that federal interference is the only hope of avoiding a strike.

At midnight last night President W. S. Carter of the brotherhood of locomotive firemen and engineers announced that a strike on practically every road had been called. He said that the decision had been reached last night at a meeting of the federated board of the brotherhood, there being 48 members present and each representing a railroad.

The controversy, which has been under discussion for more than six weeks, involves 49 railroads operating west, northwest and southeast of Chicago and embraces about 150,000 miles of railroads. It has previously been stated by both sides that if a strike were called, it would tie up every freight and passenger train between Chicago and the Pacific coast. The points in dispute are:

Increase in wages demanded, which the union officers say would amount to about 12 1-2 per cent. but which the railroads assert would amount to 22 1-2 per cent.

The right of the union in questions of representation when a fireman has been promoted to an engineer or to another capacity, over which another union claims jurisdiction.

Questions of seniority, or the promotion of new men over the old time employees.

The railroad managers committee, composed of 10 of the general managers of western railroads and headed by W. C. Nixon, general manager of the St. Louis & San Francisco railroad, already had agreed to submit the wage question to arbitration under the Erdman act, but had declined to arbitrate the other two points on the ground that they were matters of official authority and discipline and could not be arbitrated.

The railroads yesterday informed Mr. Carter that notwithstanding the strike possibility, they were determined to stand pat on refusing to arbitrate anything but the wage question. They announced that if all the wage demands were granted other railroad unions would soon virtually bankrupt the roads.

"We have been out and it would mean a deficit of more than four per cent. per annum to every road granting the increase," said O. L. Dickson, assistant to the president of the Chicago, Burlington & Quincy. "An arbitration board could easily be convinced of this fact. Still we are willing to submit the wage question to arbitration, but not the other questions, which clearly concern efficiency and authority."

The railroads issued a statement declaring that to prevent a strike they would, if necessary, appeal to the authorities at Washington.

APPEAL FOR MEDIATION.

In Settlement of Threatened Firemen's Strike in the West.

Washington, D. C., March 15.—The western railroads, which are threatened with a firemen's strike, have appealed by wire to Chairman Knapp, to the interstate commerce commission and to Commissioner of Labor Neil for mediation under the Erdman act.

WILL FINISH CONTRACTS.

Say Officers of Brotherhood of Locomotive Engineers.

Cleveland, Ohio, March 15.—Officers of the brotherhood of locomotive engineers, which has its headquarters here, when informed of the strike of firemen, called in Chicago, declared that they knew nothing about it and under no circumstances would the engineers in the organization go out.

They asserted that the engineers would carry out their contracts with the roads, regardless of what action might be taken by the firemen, and if necessary would employ union labor. The strike is represented here as a fight in the labor organization and is not regarded as important.

FIRST STEPS TAKEN.

Toward Settlement of Philadelphia Trouble.

Philadelphia, March 15.—The first step taken by the Philadelphia Rapid Transit company toward settling the dispute with its striking employees, and incidentally the ending of the sympathetic strike, which has now been in progress for 10 days, was taken late yesterday, when President C. O. Kruger, of the Rapid Transit company, conferred with President W. D. Mahon, of the Amalgamated Association of Street and Electric Railway Employees. The meeting of the labor leader and the Rapid Transit official was the result of outside influence and it is the first time officials of the company have dealt directly with any national officer of the street car men's union.

Yesterday's conference was held in the office of George H. Earle, one of the representatives of the city on the Trans-

it company's board of directors. Mr. Earle and a sub-committee of the general committee in charge of the sympathetic strike were also present.

The sub-committee consists of William J. Tracy, vice-chairman of the committee of 10, Charles Laps, secretary of the committee, and Frank McCusker, a member of the committee and a general organizer of the textile trades. They met Mr. Earle at the request of Edward Lowler Welsh, a member of the Philadelphia stock exchange, after he had procured a letter from Mr. Earle stating the latter's willingness to discuss the situation.

When this delegation met Mr. Earle, it was suggested that they were not competent to discuss the car men's grievances, and W. D. Mahon, the car men's president, was sent for. Shortly afterward President Kruger, whose office is in the same building, was telephoned for by Mr. Earle and joined the party.

After discussion, President Mahon and members of the sub-committee returned to the strike headquarters, where they reported the results of the conference to the committee of 10.

The willingness of the transit officials to open negotiations with the street car men is said to have been the result of a position taken by members of the stock exchange, who, it is said, have been supporting the stock of the company. The brokers are reported to have declared that if the strike were not ended before next Wednesday, no further support would be given the stock.

Strike ending negotiations were resumed to-day and it is hoped that the trouble will end within twenty-four hours. Preliminary steps have eliminated many minor obstacles. The strike orders to grocers' clerks last night were little obeyed but this was said to be because of their being too late. The city is quiet.

TRAINMEN WILL PROBABLY VOTE FOR STRIKE

5,000 of Them Given a Chance, Beginning To-night, to Vote on Question, Resulting Doubtless in Affirmative.

New Haven, Conn., March 15.—L. E. Sheppard, second vice-president of the conductors, announced at one o'clock that the trainmen, conductors and yardmen of the New Haven road, to the number of 5,000, would begin voting to-night on the proposition to strike. Blanks have been sent out to the various locals on the system and are returnable Monday or Tuesday. The vote is expected to be for the strike by an overwhelming majority.

VOTE SYMPATHY

But Do Not Vote to Go Out on a Strike.

Pittsburg, Pa., March 15.—"Are you in sympathy with the Philadelphia brethren to the extent that if called upon you would not in their support?" To this ballot, the exact significance of which is known only to the men themselves, nearly 2,000 union motormen and conductors of the Pittsburgh street cars gave an affirmative answer last night. It had been generally understood that the question of a strike in Pittsburgh in sympathy with the Philadelphia would not be put to a vote last night, but it was known that on a ballot, other than the indefinite one quoted above, was submitted to the 3,000 employees who were in and out of Syria temple last night, where the secret meeting was held.

SUIT FOR DAMAGES.

Brought by the International Paper Company.

Corinth, N. Y., March 15.—Legal moves, rather than violence, characterized the opening of the second week of the strike of employees of the International Paper company. Conditions are quiet here, at Glens Falls and at Fort Edward, and at the two last named points, some of the machines are being operated by non-union labor.

The most important development of the day was an action brought by the company, asking \$100,000 damages of the union, because of losses sustained in the strike. A temporary injunction has already been granted restraining members of the union from picketing or interfering with strike breakers and arguments to show why this should not be made permanent will be made at Plattsburgh on Saturday.

In New York City, the company issued a statement urging the strikers to be reasonable and maintaining that the wages received by the men were all that could consistently be paid in view of the corporation's earnings. President Carey of the pulp makers announced at Watertown yesterday that the strike would spread to mills in Maine, but it is believed by some that the company's apparently earnest desire to settle with individuals may lead to a settlement.

LIFE WAS EXTINCT.

Lyman A. Burbank Died Suddenly in Chelsea.

Chelsea, March 15.—Lyman A. Burbank, who lived about a mile below the village, left his house Sunday forenoon to go to the barn to complete some chores and a few moments later was discovered by his daughter in the shed, prostrate on the floor, and life was found to be extinct. Mr. Burbank was a thorough and prosperous farmer and stock raiser, was seventy years of age and one of our most loyal and highly esteemed citizens. He is survived by a widow, who was Miss Ann Whitney of Taubridge, and eleven children. Dr. Mary White of Dr. Fred Sturtevant of Rutland, Vt., of Sumnerville, Mass., of Providence, R. I., Abbie, who resides at Ural, Parker of Waterbury, John, Henry and Willie of this town, and Rilla, wife of Mr. Blanchard of Vershire. Mr. Burbank was a native of Hardwick but had lived in this town for the past twenty-five or thirty years.

"DR." COWLES
ARRESTEDOn Charge of Being Un-
licensed Practitioner

WAS ARRAIGNED TODAY

Cowles Was the Complainant Against
Paymaster Auld in the Charles-
town Navy Yard Court-
martial.

Boston, March 15.—Secretly indicted on the charge of being an unlicensed practitioner, Edward S. Cowles, the complainant in the recent Auld-Robinet court-martial at the Charlestown navy yard, was arraigned to-day before Judge Watt in the superior court. He pleaded not guilty to the accusation and was held in \$500 cash bail.

During the course of the recent court-martial of Paymaster George P. Auld of Burlington, Vt., the naval officer's attorney endeavored to bring out that Cowles was practicing in Massachusetts, after failing several times to pass the state board examinations. Cowles denied that he was practicing, although he was associated with his brother, who was a doctor.

Cowles and Paymaster Auld had an altercation at a navy yard hop last winter, and the court-martial against the latter was brought as the result of complaints made just after that by Cowles, the charges including maltreating an inhabitant and lying to a superior officer. Paymaster Auld, although found guilty of "roughing it" with Cowles, was let off easily.

SECRET INDICIMENTS FOUND.

In Faro Swindle and Will Bribery Case.
Made Public After Arrests.

Boston, March 15.—The Suffolk county grand jury which has been considering the faro swindle and Crocker will bribery cases, found secret indictments and adjourned until April. The indictments will not be made public until arrests have been made.

GIRL AWARDED
BIG VERDICT

Marion Orr of Boston Had Sued Wil-
liam Wood for Breach of Prom-
ise and Assault.

Boston, March 15.—An award of \$43,000 in a breach of promise case, one of the largest ever given in this state, was awarded by a jury in the superior court late yesterday in the case of Marion Orr, daughter of Charles F. Orr, of Boston, against William Wood of Portland, Me.

The case has been on trial for four days and was replete with sensational testimony. Action was brought against Wood for breach of promise, assault and loss of services. In the first case the jury awarded \$40,000 and for assault \$1000. The father was given \$2,500 for loss of his daughter's services.

FOUGHT TO A DRAW.

Baldwin and Hyland at Kansas City
Last Night.

Kansas City, Mo., March 15.—Matty Baldwin of Boston and Dick Hyland of San Francisco last night fought 10 rounds to a draw. In the fourth, Hyland became aggressive and landed three head punches, opening a cut over Baldwin's right eye.

DEMOCRATS GAIN
IN MAINE CITIES

Get Back Mayoralty in Augusta and
Cut Down Republican Plurality
in Bangor.

Portland, Me., March 15.—In the election held yesterday in five Maine cities the Democrats retained control of Belfast and Biddeford, recaptured Augusta and in Bangor reduced Mayor John E. Woodman's plurality from 816 to 272 and gained one alderman and four councilmen. Bangor, however, as well as Brewer, continues in the Republican column.

At Augusta Col. Frederick W. Plaisied, who last year was prevented from serving a fourth consecutive term by Trevelyan, a Republican banker, yesterday, by a handsome plurality, defeated the re-election of Mayor Johnson.

Mayor F. Hanson of Belfast was given a sixth term, Mayor John E. Woodman of Bangor a fourth, and Mayor Ambrose F. Pondleton of Brewer, a second. The election of City Clerk Albert O. Marcille, a Democrat, as mayor of Biddeford, is the first instance of a French-American receiving mayoralty honors in Maine.

NOT MUCH CHANGE.

In Liquor Vote in Several Massachusetts
Towns.

Boston, March 15.—While no "turn-overs" are shown by the returns from a number of Massachusetts towns that yesterday held town meetings, yet gains by the license forces are noted in the larger towns. In Marblehead the plurality was reduced from 211 to 108. Easthampton and Westfield both remained "wet" by increased pluralities. Peabody, however, voted by a majority that broke the town's record. Edgartown, which has wavered in the last two years, remained in the "no" column by a margin of twenty. Brewster increased its license plurality from six to thirteen, and Hialeah from nine to twenty-six.

Ladies, try a pair of the Homer Eliza company's special make \$3 boots. Most stores get \$2.50 for same kind.

LIQUOR COMPLAINED OF.

So Sheriff Is Sending 34 Samples for
Analysis.

Brattleboro, March 15.—Deputy Sheriff Myron P. Davis, collected Saturday, 34 samples of various kinds of intoxicating liquors sold at the local drug stores under a fifth class license. The samples were sealed in the presence of the druggists and forwarded to the state laboratory at Burlington for analysis. There has been a large amount of discussion by supporters of license to the effect that the quality of some liquors sold by the druggists was not what the law provided for.

This was one of the arguments used in the recent campaign for license here and it is claimed that such a feeling influenced some men to vote yes. In response to this public sentiment and with a desire to ascertain the truth of the matter the board of selectmen directed Sheriff Davis to spring a surprise upon the fifth class licensees and take some samples to be analyzed.

PROMINENT DEMOCRAT.

A. A. Olmsted of Newbury Died Yesterday.

Newbury, March 15.—A. A. Olmsted died at his home at South Newbury at an early hour yesterday morning, after a week's illness with pneumonia. Mr. Olmsted was one of the prominent Democrats of Vermont. He represented Newbury two terms in the general assembly, 1890 and 1892. He was state statistician in the department of agriculture in the first Cleveland administration. He had been chairman of the town and county Democratic committee and state committeeman from Orange county several years. He had been the nominee of the party for presidential elector and lieutenant governor. He was one of the two Democrats chosen by Governor Frothingham on the taxation commission.

Mr. Olmsted was a large manufacturer of apple, fruit and berry products. He is survived by two young sons, his wife having died a few days ago and her funeral occurred on the day previous to his death. Mr. Olmsted was born in Newbury, June 16, 1850. He was prominent in the Methodist church.

MID SUMMER MEETING.

Of Vermont State Bar Planned for Bur-
lington.

Burlington, March 15.—At the meeting of the Chittenden County Bar association held here yesterday, a letter from the secretary of the State Bar association was read as to whether or not accommodations might be had in Burlington for the midsummer meeting of the state bar next July. It was indicated that at the state bar meeting, Hon. Joseph H. Choate of New York, and ex-Senator Edmunds would be guests of honor. A committee was appointed to take the matter under consideration. Attorneys Palmer, Peck and Day were appointed a committee on resolutions upon the death of Judge Bingham. E. H. Taft, Mr. Enright and Mr. Vilas were appointed a committee on rural tribunals and Messrs. Taft and Day to extend condolences for the loss of the family.

Will Rebuild at Once.

Vestrymen of St. Paul's Church Consult
with Architect and Contractor.

Burlington, March 15.—At a recent meeting of St. Paul's vestry, a building committee was elected, consisting of the Rev. George Y. Bliss, D. H. W. Allen and George J. Smith. They will at once proceed with the business of rebuilding the parish house. A consultation was held yesterday with Frank L. Austin, architect, and Thomas W. Rogers of Brandon, the builder, who six years ago was the contractor for the new building. Some changes in the interior arrangements are under advisement. The debris will be cleared away and the work of rebuilding will be begun at once, and pushed forward as rapidly as possible under the direction of Mr. Rogers, who will have charge of the work.

Winooski Also Refused.

To Allow Burlington's Discarded Boxing
Match.

Winooski, March 15.—The promoters of the Nixon-Elgar boxing match, which was scheduled to be pulled off at the armory in Burlington last evening, were very busy men yesterday. They were on the jump all the afternoon in an effort to stage the fight in this village. Mayor Bliss had refused to permit it across the river. They endeavored to secure a concert hall for the purpose but President Charrier was unwilling to sign a permit to allow the match and it was finally called off.

NO TRACE OF MAN.

Who Went to New York City to Dis-
pose of Horses.

Utica, N. Y., March 15.—John B. Thomas, a prosperous Utica horse dealer, has strangely disappeared and it is believed that he met with foul play in New York City. The fact that he had \$4000 on his person when he disappeared strengthens this belief. Mr. Thomas went to New York City early last week to dispose of a carload of horses. Last Tuesday night he telephoned his wife in Utica that he would arrive home the following morning. Since then no trace of him has been found.

LANTERN EXPLODED.

Causing Fire Which Destroyed Two
Barns.

Vergennes, March 15.—The horse and cow barn on the farm of Charles and Archibald Collins in Ferrisburgh was burned to the ground yesterday morning. The fire was caused by a lantern exploding. About 10 tons of hay were consumed, besides wagons and harness. It is reported \$7000 insurance is carried on barns and contents.

ILL BUT SHORT TIME.

Mrs. Arthur Castle Died of Pneumonia
To-day.

Mrs. Emma Castle, wife of Arthur Castle, died at 9 o'clock this morning at her home at 115 1/2 South Main street, after a short illness with pneumonia. She had been married to Mr. Castle only two months. She was born in Quebec, P. Q., 25 years ago.

SUPPORT THE HOSPITAL.

By Attending the Philharmonic Concert
and by Other Means.

Editor Barre Daily Times: I see by
your paper that some of the ladies of
our city, viz., the Philharmonic club, are
proposing to give a concert in aid of
the City hospital. I have always been
interested in our city having a hospital,
and, now that we have one, I am anxious
that ways and means may be devised
where we will not only have a hospital
that will answer for urgent cases, but a
hospital that will cover all cases in our
city and surrounding districts.

That the concert to be given by the
ladies of the Philharmonic club in the
Congregational church will be one of the
best concerts ever given in our city, there
can be no reason to doubt. We must all
agree that anything the ladies take in
hand to do, they do in such a manner
that it is not only creditable to them, but
leaves no room for criticism. While I
do not think it will be necessary at this
time to urge the public to patronize the
concert given by the ladies Wednesday
evening, I do wish to state that the cause
to which they are donating their services
is worthy of consideration by every one
of us, and I hope that the example set
by this club of ladies will be followed,
not only by all the clubs composed of
lady citizens, but by all clubs and organi-
zations, trade, business or social, com-
posed of our male citizens.

If interest is taken, as it should be,
by every one in our city, there is no reason
why Barre could not have the best
hospital in the state. We have great
need of an efficient hospital in our dis-
trict, with so many of our workmen
employed, not only in hazardous work,
but in disease-breeding work, which no
one can deny, when they consider the
number of our young citizens (young in
years), fathers of families, who are con-
stantly being afflicted by same, and in
many instances through the lack of
proper treatment and the lack of funds
to receive same, and who are taken from
among us, and their families left to take
care of themselves as best they can, with
what little assistance the city may be
able to give them.

It is not the duty of the citizens to try
and provide treatment, and that of the
very best, for those who may be inca-
pacitated by injury or disease while fol-
lowing their usual vocations.

If such was done, it would not only be
a work worthy of all religious denomina-
tions, fraternal bodies, social clubs, trade
and business organizations, but would be
a good business proposition for our city,
as it would guarantee our citizens and
adjacent the best treatment that it was
possible to give, whenever injured or af-
flicted with disease of any kind, and
would also give our physicians the expe-
rience necessary for their calling. Al-
though we have some of the best physi-
cians in our midst, all the most danger-
ous cases (for important cases) are sent
to another city, for no other reason than
that they have better hospital accommo-
dations. We are depriving our medical
advisers and surgical operators of their
best experience and thereby depriving
ourselves of the advantage of that expe-
rience.

Money now spent in paying expenses
of operations, treatment and railroad
fares to other cities, would be expended
in our own city. "Where it does good
to be selfish, let us be selfish."

MOB THREATENED
TO LYNCH MAN

Who Shot Down One Man and Shot
at Another in Amesbury, Mass.,
Last Night.

Amesbury, Mass., March 15.—Lynch-
ing was threatened here last night, when
an angry mob of 300 citizens made a
riotous rush through the principal
streets of the town in pursuit of a
Greek, who had shot down one man and
fired at others.

The countrymen of the foreigner joined
in the melee and violence was seem-
ingly imminent when the police landed
the men most wanted in the police sta-
tion.

Michael Roach, aged 45 years, is suf-
fering from a serious but not fatal
wound in his head. He shot, it is al-
leged, by George Smith, the Greek, who
later was overtaken. The police later
arrested also James Brown, another
Greek.

SENIORS MADE MONKEY

To Enable Them to Go to Washington
This Spring.

The vestry of the Congregational
church was turned into a large dining
room from five to seven o'clock last
evening, when the members of the senior
class of Spaulding high school gave a
supper to help in defraying their ex-
penses on a trip to Washington during
the vacation next week. As early as
five o'clock the people began to come,
and by seven over 250 had been cared
for, to their own satisfaction and the
gain of the senior class.

The supper was a good one and the
service excellent. The menu included
cold southern ham, roast pork and brown
gravy, mashed potatoes
